

Shascade Community Services (SCS), Inc., provides community services for people with developmental disabilities. Headquartered in Redding, California, SCS was founded as a non-profit corporation by concerned parents whose dream of programs and services for their children became a reality in 1960.

All SCS programs provide education, social activities, training, and daily living skills to assist the disabled in their homes and/or work places. This is done by evaluating and assessing their needs, providing care, skills, job placement, adaptive aids, and other services that contribute toward independence.

Mission Statement

“We are dedicated to providing individualized services to people with disabilities”

Vision Statement

“Commitment to community, willingness to act, and encourage the dreams of others”
